OUR MISSION

**Sharing Christ's love
to families by providing a safe,
quality child care program**

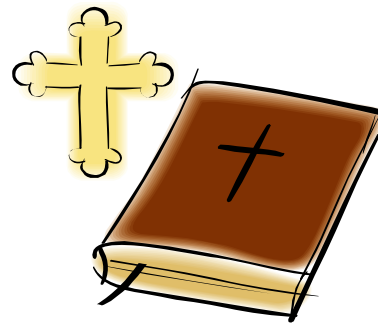

Commitment to Families

Our commitment is to teach children in developmentally appropriate ways, using a broad range of activities to stimulate each child's imagination and creativity. TFLC fosters an atmosphere of loving Christian nurture and care in which love and acceptance grow into child-child, parent-child, parent-teacher and family-congregation relationships. We will strive to strengthen all of these relationships because we are convinced that doing so will improve the child's overall growth. We also believe that a child experiencing the love and acceptance of God in Christ is the best way of developing each child's unique personality and positive Christ-esteem, both in individual and group situations. We know that each child is a child of God deserving love, respect and security. We operate from this core value as we strive to provide the best possible care to the children entrusted to us by God.

Trinity Family Learning Center is a ministry of Trinity Lutheran Church of Leavenworth, Kansas. A Christian atmosphere permeates the school. The Center is licensed by the Kansas Department of Health and Environment (pending).

Admission

Trinity Family Learning Center accepts children from 12 months **AND** walking through the 5th grade. TFLC does not discriminate in regard to color, race, religion, national origin, ancestry, physical disability or gender.

Hours of Operation

Trinity Family Learning Center provides year around care Monday through Friday from 6 AM to 6 PM, excluding major holidays.

Child Care Program

Our program schedule is planned

- To provide a balance of active, quiet, individual and group activities.
- To provide overall regularity in routines such as eating and napping.
- To provide activities to the children throughout the entire day.
- To include Christian aspects such as praying before meals, celebrating religious holidays and sharing Bible stories and songs.
- To include written preschool curriculum plans that are designed to develop self esteem and positive image, social interaction skills, self expression and communication, creative expression, large and small motor skills and intellectual and spiritual growth.

School Age Program

Our program for older children includes arts, crafts, music, reading, table games and sports. Students are also given time and are encouraged to focus on homework. The program is designed to provide children with a home-like environment as well as flexibility of various activities and learning centers.
